If you have some XXX pictures of yourself you can now create your own online Private Gallery. You define how many credits someone has to pay for access to it and how long their access will last, (e.g. 7 days at 1.5 credits).
Every time someone signs-up for access, you get the credits.

You can make several different albums. ie. "Me in red underwear" "Me in Heels" "Me in short dresses" "Me in Gym wear" They do not have to all be sexual.
